

Textile industry of Uzbekistan investment projects proposals

Privileged ways of cooperation for Japan companies

- Green field project designed by Project initiator (we could offer land or unfinished constructions);
- Development of the Project in existing buildings (existing textile factories with all necessary infrastructure);
- Projects requiring new management to be developed in Partnership with Uzbek companies and Banks (defaulted textile companies with modern production facilities).

Cotton fiber

Production - 1,0+ mln tn annually
Quality - Medium staple of world
recognized premium quality (3rd ranking
in world export)

Price - 15% price reduction of the
purchase of cotton (upfront)
20% reimbursement of VAT on the
purchase price of cotton

Supply – from one of the 20 cotton
terminals from all over the country

Cotton Yarn

- 300 thousand tons
- 95% produced at world class spinning capacities
- 60% spinning capacities less than 10 years old
- priced in local currency as well as in US Dollars

Silk

- Row silk – 900 tons
- Silk yarn – 190 tons
- 40% produced at modern technologies less than 10 years old

Uzbekistan requires investors who possess:

- Financial capital.
- Know-how (modern technologies).
- International management (brand).
- Distributions channels and access to international markets.

Main incentives & benefits for textile producers

- ✓ producers of hosiery & ready garment are exempted from all taxes (except VAT);
- ✓ textile exporters (more than 80% to be exported) are exempted from property tax (3,5%).
- ✓ 100% exemption from payments of custom payments on technological equipment;
- ✓ 100% exemption from payments of custom payments on raw materials not produced in Uzbekistan (synthetic fiber, fabric, etc);
- ✓ 15% discount from world cotton price, additional 5 % discount subject of production of finished goods;
- ✓ Special facilities to finance the cotton with the rule of 15% cash payment and 85% payable in 90 days, covered by bank guarantee;
- ✓ Zero rating VAT (20%) on export.

Cost of main production factors

- Water – \$ 0,10 / 1 m³;
- Natural gas – \$ 0,015 / m³;
- Power energy – \$ 0,04 / kw/h;
- Petroleum– \$ 0,72 / l,.

Investment project proposal # 1 (integrated textile production):

2nd part of Bukhorotex

Date of establishment: **1974**

Type of activity: stopped 2007 for
renewing and deep modernization (1st
part restarted in 2009 with capacities
16'000 combed and carded yarn)

LOCATION

JSC
“Bukhorotex”

Transport infrastructure:	Distance km
- to highway	2
- to railway	0.2

BUILDINGS AND FACILITIES

Main units	Production area, hectares	Total area, in hectares	Built year
2-part (Spinning & weaving mills)	13,36	24,8	1981-1983
3-part (dying house)	1,7	4,7	1976-1977
4- part (Finishing mill)	8,44	18,26	1985
5- part (Mechanical factory)	0,67	1,65	1972
7- part (Transport Department and other buildings)	0,23	1,4	1994

AVAILABLE INFRASTRUCTURE

Resource name	Units	Capacity
Cold water	cubic metres	18 000
Technical water	cubic metres	40 000
Heating	KI	5 870
Power supply	Kilowatt / hours	3 200 000
Drainage system	cubic metres	40 000

Investment Proposal

1st Phase Production:

- Cotton yarn - 8-16 thousand tons (ring and open end)
- Grey Fabric – 10-16 mln sq meters
- Denim – 4-8 mln sq meters
- Garment - 10 mln. peaces a year

Investment:

- Reconstruction works – US\$ 2 - 8 mln.
- Equipment – US\$ 20 – 100 mln
- Working capital – US\$ 1 - 3 mln

Investment project proposal # 2 (spinning, knitted fabric and garment):

JSC “Bofanda”

Address: Uzbekistan, Samarkand city, st. Juravleva – 166a;

Project capacity: 4,0 thousand tons yarn
2,0 thousand tons of knitted fabric and
5,0 mln. units of knitwear

Total cost of the project: 10,5 mln. US dollars

Buildings, constructions and utilities:

Total area of the enterprise – 5.0 hectares.

Production (covered) area – 29 000 sq. m.

Utility units available – electricity, water, gas

Providing 100% with local raw materials.

Private owned, currently operational (knitting, dyeing, sewing).

The entity is proposed to implement joint project with deep modernization

Investment project proposal #3 (spinning & weaving):

“Surkhontex” (operational factory)

Address: Surkhondarya Region, Jarkurgan city;

Buildings, constructions and utilities:

Total area of the enterprise – 10 hectares.

Production (covered) area – 26 thousand sq. m in two building (spinning and weaving).

Utility units available – electricity, water

Logistics:

Highway – 0,5 km.

Railway – 1 km.

Airport Termez – 35 km.

Private owned,

Current Production (spinning equipment dated 2004)

Cotton yarn – 4000 tons a year

Grey Fabric – 10 mln sq.m.

Proposal to enlarge production up to 7000 tons

Investment project proposal # 4 (wool yarn and blended fabric):

JV “Kasansay textile”

Address: Namangan Region, Kasansay city;

Buildings, constructions and utilities:

Total area of the enterprise – 212 000 sq. m.

Production (covered) area – 157 000 sq. m.

Utility units available – electricity, water, gas, sewage

Logistics:

Highway – nearby.

Railway – 5 km.

Airport – 25 km.

Currently managed by National Bank, operational

Proposed for enlargement and modernization current production

Investment project proposal # 5 (spinning and weaving):

JSC “Kitop ip yigiruv”

Address: Kitop city, Kashkadarya region;

Project capacity: 6 thousand tons of yarn

Total cost of the project: 10,5 mln. US dollars

Buildings, constructions and utilities:

Total area of the enterprise – 21.0 hectares.

Production (covered) area – 175 400 sq. m.

Utility units available – electricity, water, gas

Providing 100% with local raw materials.

Private owned, not operational

Proposed for establishment of new production

Investment project proposal # 6 (knitted fabric and garments)

JSC “8 March”

Address: Uzbekistan, Samarkand city, st. Navai- 25;

Project capacity: 6.0 mln. units of knitwears

Total cost of the project: 9.0 mln. US dollars

Buildings, constructions and utilities:

Total area of the enterprise – 2.0 hectares.

Production (covered) area – 10 000 sq. m.

Utility units available – electricity, water, gas

Providing 100% with local raw materials.

Private owned, currently operational

Proposed for establishment of new production

Investment project proposal # 7 (knitted fabric and garment):

JSC “named by A. Fazilov”

Address: Bukhara Region, Bukhara city;

Buildings, constructions and utilities:

Total area of the enterprise – 8 000 sq. m.

Production (covered) area – 3 600 sq. m.

Utility units available – electricity, water, gas, sewage

Logistics:

Highway “Buyuk Ipak Yuli” – 1,5 km.

Railway – 2 km.

Airport – 3 km.

Partly state owned, not operational

Proposed for establishment of new production

Investment project proposals # 8 (cotton yarn, blended fabric):

JSC “Mangit”

Address: Karkalpakistan, Mangit city;

Buildings, constructions and utilities:

Total area of the enterprise – 85 000 sq. m.

Production area – 39 000 sq. m.

Utility units available – electricity, water, gas, sewage

Logistics:

Highway – 0,2 km.

Railway – 3 km.

Airport – 45 km.

Private owned, not operational

Proposed for establishment of new production

Investment project proposal # 9 (yarn, woven fabric production):

JSC “Hodjeli Textile”

Address: Karakalpakstan, Hojeli city;

Buildings, constructions and utilities:

Total area of the enterprise – 82 000 sq. m.

Production (covered) area – 39 000 sq. m.

Utility units available – electricity, water, gas, sewage

Logistics:

Highway “Buyuk Ipak Yuli” – 0,2 km.

Railway – 3 km.

Airport – 100 km.

State owned, not operational

Proposed for establishment of new production

Investment project proposal # 10 (terry fabric production):

Branch of JSC “Bukharateks” (Unfinished construction)

Address: Bukhara Region, Shafrikan city;

Buildings, constructions and utilities:

Total area of the enterprise – 106 700 sq. m.

Production (covered) area – 26 690 sq. m.

Utility units available – electricity, water

Logistics:

Highway “Buyuk Ipak Yuli” – 9 km.

Railway “Kiziltepa” – 25 km.

Airport – 30 km.

State owned

Proposed as Green Field Project with establishment of new production

Investment project production # 11 (cotton yarn and fabric):

Organization of textile mill (Unfinished construction)

Address: Tashkent Region, Buka city;

Buildings, constructions and utilities:

Total area of the enterprise – 80 000 sq. m.

Production (covered) area – 24 000 sq. m.

Utility units available – electricity, water

Logistics:

Highway – 1,5 km.

Railway – 2 km.

Airport – 100 km.

State owned

Proposed as Green Field Project with establishment of new production

Investment project proposal # 12 (textile complex):

Organization of integrated mill (unfinished construction)

Address: Harezm Region, Bagat city;

Buildings, constructions and utilities:

Total area of the enterprise – 199 000 sq. m.

Production (covered) area – 31 104 sq. m.

Utility units available – electricity, water, gas

Logistics:

Highway – 3 km.

Railway – 10 km.

Airport – 20 km.

State owned

Proposed as Green Field Project with establishment of new production

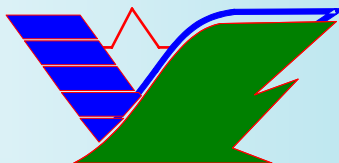

Products offers :

- ❑ A wide range of high quality cotton yarn (Ne7/1-Ne40/1);
- ❑ A wide range of fabric made of 100% cotton (CD20xCD12 /112x56 – 3/1 – 64”, CD24xCD20/76x130 – 3/1 – 70” and etc.);
- ❑ A big choice of textile products such as linens and underwear, upper and children’s clothes.
